SUMMARY

Motivated HNDIT undergraduate at the Sri Lanka Advanced Technological Institute (SLIATE), Kandy, seeking an internship in Software Engineering, Quality Assurance (QA) Web Development, Back-End Development, Full-Stack Development, or IT Support Technician. Passionate about building practical software solutions and eager to apply technical knowledge, develop industry-relevant skills, and gain valuable real-world experience in a professional environment.

EDUCATION

Higher National Diploma in Information Technology (HNDIT) *2024 - Present*

Sri Lanka Advanced Technological Institute (SLIATE), Kandy

G.C.E. Advanced Level - Technology Stream *2023*

Peradeniya Central College

G.C.E. Ordinary Level *2020*

Mahanama College, Kandy

ACADEMIC PROJECTS

Game Zone — Inventory Management System *(2025 – 2026)*

Java, Java Swing, MySQL, JDBC, OOP, MVC, XAMPP

● **Developed a Java-based inventory management system** applying core **Object-Oriented Programming principles** to manage products, categories, stock information, and day-to-day inventory operations.

● **Implemented product management workflows** with CRUD operations, database integration through **JDBC**, structured data handling, and validation to maintain accurate inventory records.

● **Designed a user-friendly Java Swing interface** following a structured **MVC-based architecture**, demonstrating practical application of encapsulation, inheritance, polymorphism, and abstraction**.**

GitHub: https://github.com/dinusha-madushan/gamezone-inventory-system-java

Room Rental System — Web-Based Room Rental Management & Booking Platform *(2025 - 2026)*

PHP, MySQL, HTML5, CSS3, JavaScript, Bootstrap, XAMPP● **Developed a full-stack Room Rental Management System** with separate customer and administrator workflows for **user registration, authentication, room management, and booking operations**.

● **Engineered dynamic booking and room-management workflows** with CRUD operations, booking confirmation, room availability management, database integration, and administrative controls for efficient rental management.

● **Implemented responsive and user-friendly interfaces** with enhanced navigation, notifications, and reusable UI components while applying secure session-based authentication and database-driven operations.

PhotoShare — Social Photo Sharing & Content Management Web Application *(2026)*

PHP, MySQL, JavaScript, HTML5, CSS3, Bootstrap, Git, REST API, QR Code Integration, Web Hosting

● **Developed and deployed a full-stack social photo-sharing platform** for managing, uploading, viewing, and sharing image-based content through a dynamic web application.

● **Integrated API-driven and QR-based functionality** to provide convenient content sharing and access, while implementing CRUD operations, database integration, and dynamic content management workflows.

● **Hosted the application online and configured the production environment**, including database connectivity, API integration, and deployment, making the system accessible through a live web platform.

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript, Tailwind CSS, Bootstrap
Backend: Node.js, PHP, Laravel
Databases: MongoDB, MySQL, Database Design
Programming: Java, C#
Software Development: OOP, MVC, RESTful APIs
Tools & DevOps: Git, GitHub, GitHub Actions, XAMPP
API & Email: OpenAPI, Nodemailer
QA & Testing: Software Testing, Test Cases, Functional Testing, Bug Reporting, Selenium WebDriver

SOFT SKILLS

Teamwork, Problem Solving, Adaptability, Communication, Creativity, Time Management

LANGUAGES

Sinhala, English
